

DIED IN WESTERLY.

Two Members of Old Company B, John Whalen, Jr., and William J. Roach—Seized Liquors Destroyed—Dr. Witter K. Tingley, of Norwich, Reads Paper Before County Medical Society—Association Elects Dr. M. H. Scanlon, President.

John Whalen, Jr., a Westerly resident, who was born in Stonington about 42 years ago, died Thursday morning of tuberculosis at the home of his parents, Mr. and Mrs. John Whalen, in Liberty street. The deceased was a member of Old Company B, Third Infantry, Connecticut National Guard, and left his home in company when called for troops in the Spanish-American war. He failed to pass the required physical examination and was mustered out of the service at the state camp ground, Natick.

He is survived by his father and mother, seven brothers and two sisters, William, Patrick, Edward, Daniel, Thomas, James and Joseph, and Mary and Catherine Whalen.

William J. Roach, also a member of Old Company B, and who was also rejected for service in the Spanish-American war by reason of disability, died of tuberculosis Thursday morning at the home of his brother, Patrick W. Roach, in Place street. He leaves six brothers, Patrick and John of Westerly, Robert of Bridgeport, Michael of Baltimore, Thomas of Quincy, Daniel of Boston, and a sister, Mrs. John O'Connell, of Providence.

There was beer flowing down the gutters of Cockeys Hill Wednesday evening when the liquor seized at the home of Natalie Benvenuti were destroyed by order of the Third district court. Under the direction of Chief Brunsfield four half barrels of beer, ten gallons of whiskey and a gallon of wine were emptied and an early morning opening saloon smell pervaded the vicinity.

At the annual meeting of the stockholders of the Ashaway National bank the following named were elected: board of directors, Leverett A. Briggs, George H. Spaulding, Alexander B. Prince, George N. Burdick, George B. Langworthy, John S. Cole and Frank Hill. At a subsequent directors' meeting these officers were elected: Leverett A. Briggs, president; George N. Burdick, vice president; Frank Hill, clerk.

The Washington County Medical society held its annual meeting in the Dixon house Thursday afternoon with a full attendance. Dr. Michael H. Scanlon of Westerly was unanimously elected president. Dr. Frederick C. Pagan of Westerly, first vice president; Dr. E. E. May of Westerly, second vice president; and Dr. J. Howard Morgan of Westerly, secretary and treasurer. Dr. Morgan was elected censor for three years, and Dr. Philip K. Taylor of Kingston was chosen auditor.

Dr. Witter K. Tingley of Norwich read an interesting and instructive paper on Uterine Fibroids, using a Stonington case in demonstration.

James F. Speilman, a clerk in the Westerly postoffice, is off duty on a short vacation. He left Thursday evening for Newton, N. H., where he is visiting.

THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Noah, Ky. — "I was passing through the Change of Life and suffered from headaches, nervous prostration, and hemorrhages. Lydia E. Pinkham's Vegetable Compound made me well and strong, so that I can do all my housework, and attend to the store and post-office, and feel much younger than I really am."

"Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all kinds of female troubles, and I feel that I can never praise it enough." — Mrs. Lizzie Holland, Noah, Ky.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Night School Discontinued.

The night school which has been in session in the high school building has been discontinued on account of the small number who attended. Last winter there were a great many young people who availed themselves of the opportunity of attending the school, but for some unaccountable reason the attendance this winter has not been sufficient to pay for heat and light. The few who have been attending are disappointed to think that the school is closed.

Marcus B. Flak spent Thursday in Hartford.

Miss Margaret M. Hanley is taking the place of George Slawick as bookkeeper at the Stafford Worsted mill. Mr. Slawick has been granted leave of absence on account of ill health.

The Wonderful New ALVEOLAR METHOD Means New and Perfect Teeth Without Troublesome Plates Or Bridges

This new method for restoring teeth is known as the ALVEOLAR METHOD, which, briefly speaking, means the replacing of missing teeth where there are two or more teeth left in the jaw to work upon, by PLACING THE NEW TEETH ON THE ALVEOLAR RIDGE AND GUMS WITHOUT CUTTING OR BORING INTO THE GUMS OR PERFORMING ANYTHING IN THE LINE OF A SURGICAL OPERATION.

The Alveolar Method is in no sense implantation, the main object being to distribute the strain of mastication upon the alveolar ridge (bony portion of the mouth covered by the gums), and the remaining natural teeth instead of wholly upon the pier or foundation teeth as in ordinary bridge-work.

To illustrate: Ordinary bridge-work is practically a structure built over a chasm (space left vacant by the removal of teeth), a suspension bridge higher in the middle than at either end and supported by piers (the teeth) at either end, which are naturally subjected to a terrific strain in mastication.

Alveolar work has for its foundation the solid alveolar ridge, THEREFORE THE STRAIN COMES AS NEAR AS POSSIBLE JUST WHERE NATURE INTENDED IT TO BE—AND EVENLY DISTRIBUTED.

If your teeth are in a decadent condition, if former dental work is now proving unsatisfactory, if you are annoyed and suffer with cumbersome and tortuous plates or defective bridges, come in and investigate this wonderful new method, the perfecting of which has marked a new and important epoch in the practice of dental surgery.

THIS WONDERFUL WORK IS SIMPLY AND QUICKLY DONE AND IS ABSOLUTELY PAINLESS.

ACT AT ONCE, TODAY, NOW. On your action today depends whether you will have sound teeth and perfect health tomorrow or decayed teeth and deranged digestion. For your health's sake don't put it off one day longer, but COME IN AND HAVE YOUR TEETH EXAMINED FREE TODAY.

Open from 9 till 8 and Sundays from 10 till 2.
